Notes to all sponsors!

We're very grateful for your support of our event!

Please help us to fulfill our commitment to you by getting us speaker info, graphics, attendee names, and payment as soon as possible.

In order to meet our commitments to our suppliers we need this before 31 August 2021.

In order to keep this event at low cost to the attendees, we rely on sponsorship from Information Security and Assurance vendors. When your group is ready to get involved, please contact either your IWS POC or one of the following individuals:

Information Warfare Summit 14
Theme: "Re-Defining Normal"

Sponsorship Information

The Information Systems Security Association - OKC Chapter (ISSA-OKC) and the InfraGard Oklahoma Members Alliance (IOMA) are proud to present the 14th Annual Information Security Warfare Summit (IWS) on Wednesday, October 6, 2021. This year promises to be an exciting conference!

IWS is an Information Security joint venture between InfraGard and ISSA-OKC. Normally this event draws more than 300 InfoSec professionals from throughout the state of Oklahoma. IWS attendees come from corporate and academic environments as well the public sector. Speakers at this event have included FBI Subject Matter Experts, corporate security executives and local industry professionals with the single goal of sharing their knowledge and experience with other community members.
